

A Comparative Study: Job satisfaction of Government and Non-Government Employees

Shilpa Jadhav*
Diogiri College, Aurangabad

Abstract

Present study investigated to compare the level of job satisfaction of Government and Non-government Employees. To this purpose, 100 government employees and 100 non government employees randomly selected from different government and private colleges of Aurangabad. They were informed regarding research. Job satisfaction scale applied to collect the data. The questionnaire had applied to government employee and then private employees. The data collected and analyzed. The result indicates that government employees have more job satisfaction than private employees.

Keywords: Job satisfaction, Job satisfaction scale, Government and private employees.
